SPONSOR NAME & ADDRESS

Paris, May 11th, 2015

Proposal to sponsor/exhibit – 20th DMB Annual Conference and Dinner Event, Paris, Tuesday, November 10th, 2015

Dear Sir/Madam,

You might have heard already of our professional association Data Management Biomedical (DMB) (dmb-asso.org) created in 1995: our 210 members are French speaking clinical data managers from France, Belgium and Switzerland.

Our members belong to all the key stakeholders from the clinical research and epidemiology industry: drug, medical device, cosmetics and food manufacturers, biotechs, CROs, academic research, universities and professional services companies. We play a key role by providing insight to our members and to industry bodies and associations.

The last Annual Conference on November 13th, 2014 has been a success with 175 participants. We had speakers from all Europe and the US.

We wanted to let you know in advance of our next annual event: it will take place on Tuesday, November 10th, 2015 at the Cité Universitaire Internationale – International House, in Paris.

As we will celebrate DMB's 20th anniversary, the Conference will be followed by a Dinner Event with music and a magician show on the same day at the Cité Universitaire Internationale.

We thought your company might be interested to sponsor and/or exhibit in 2015? Our exhibition packages start at 800€.

Our sponsorship and exhibition packages are detailed below.

Feel free to contact us for any question you may have,

Kind regards,

On behalf of organizing committee
